## Baby Carrier Cover

Your Kurumi Ket will keep baby warm and comfortable when you are out and about. Whether baby is being carried in the front, or enjoying a piggy back ride, your Kurumi Ket can accommodate your mood and preference.

Kurumi Ket can be adjusted for most baby carriers, whether the shoulder straps are narrow or wide. Thanks to the drawstring, the perfect size pouch can be created to fit your baby's size, keeping him/her warm and comfy.

### How to use as a Baby Carrier Cover:

Once baby is in the carrier, cover him/her with your Kurumi Ket. Attach the flaps to the shoulder straps of your baby carrier.

When carrying baby in the front, you may choose to attach the flaps around your neck for extra warmth.

Keep the cold out by pulling the drawstring snugly around baby's legs, creating a warm and comfy pouch.

## Nursing Cover

Generous size keeps mom covered while breastfeeding.

### How to use as a Nursing Cover:

Open the Kurumi Ket and position it around your shoulders. The bottom part will cover your chest and your baby.

## Stroller Cover

Your comfy blankie will keep baby warm when you are out and about in the stroller. The Kurumi Ket easily straps onto the stroller, preventing unwanted drops. By adjusting the drawstring, you can create a pouch to keep baby's legs warm.

### How to use as a Stroller Cover:

Attach the flaps to the side frames of your stroller, or wrap and attach it completely around smaller strollers.

## Poncho

Stay warm and comfortable,  
(or play Superheroes/ Wizards).

### How to use as a Poncho:

Place your Kurumi Ket on your child's shoulders as if you are putting on a cape. Use the drawstring on the bottom to adjust length if necessary. The buttons can be fastened behind your child's neck.

## Blankie

A blanket that has been loved and snuggled with becomes a "blankie." Keep it close at bedtime, movie time, or whenever the mood strikes.

“ Think what a better world it would be if we all, the whole world, had cookies and milk about three o'clock every afternoon and then lay down on our blankets for a nap. ”

- Robert Fulghum

Recommended Age: newborn to 5 yrs. old
